

Limited Warranty- Accessories & Components

Bushman Water Harvesting Limited Warranty

BUSHMAN WATER HARVESTING (Seller) warrants its accessories and components sold in North America against defects in materials or workmanship for one (1) year from the date of purchase. Pump products are covered for one (1) additional year for a total coverage period of two (2) years. The Limited Warranty is dependent upon installation in accordance with Seller's specifications and the use of Seller's components, accessories and designated application practices exclusively. If a defect is discovered in the normal use of the water harvesting system in the manner intended, Seller will, at its sole election, repair or replace the failing component. In no event will Seller's responsibility exceed the purchase price paid by the Seller for the component in question. Additional requirements or terms of this Limited Warranty are:

1. The Limited Warranty extends to the original purchaser only and is not transferable by operation of law or otherwise.
2. The Limited Warranty is limited to the repair or replacement of the failing component, at the sole discretion of Seller. Seller is not liable for any damage to property or any other associated costs that may occur when repair or replacement of the failing component is carried out. Repair work is undertaken at ground level, so tanks that are located on stands must be brought down to ground level, if required, before Seller can commence repair work.

Note that expenses such as landscaping, plumbing, electrical, costs of lifting equipment and hire of additional labor are at purchaser's expense. Bringing tanks down from stands for repair work is also at the purchaser's expense.

3. The Limited Warranty applies only in the case of storage of water, at a water temperature not exceeding 73°F/23°C. The Limited Warranty does not apply to damage due to freezing.
4. The Limited Warranty is for storage of water on the site only. Transporting water in water tanks voids the Limited Warranty.
5. The Limited Warranty is void and will not be binding upon Seller in the event of damage to accessories and components of unsecured tanks through blowing away, or by abuse, improper installation, unsound base, or unauthorized modifications to the tank.

Note that all installation instructions must be followed and in particular the fitting of flexible hoses.

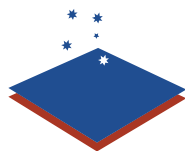

6. Seller must be notified of any defect or fault (using a Seller-approved claim form) within seven (7) days of it occurring. Seller must be given the opportunity to inspect the failing component within thirty (30) days of such notification; otherwise the Limited Warranty is void.
7. THIS LIMITED WARRANTY IS THE EXCLUSIVE WARRANTY PROVIDED BY SELLER AND IS IN LIEU OF, AND SELLER DISCLAIMS, ALL OTHER WARRANTIES, EXPRESS AND IMPLIED, INCLUDING, WITHOUT LIMITATION, (I) ANY IMPLIED WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, (II) ANY IMPLIED WARRANTY ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OF TRADE, (III) ANY OTHER OBLIGATIONS OR LIABILITIES WHATSOEVER, WHETHER IN CONTRACT, WARRANTY OR TORT, OR BY STATUTE OR OTHERWISE FOR ANY NONCONFORMANCE, DEFECT, DEFICIENCY, FAILURE, MALFUNCTION OR FAILURE TO PERFORM, (IV) STRICT LIABILITY OR PRODUCT LIABILITY, AND (V) ANY DIRECT, INDIRECT, SPECIAL, CONSEQUENTIAL AND INCIDENTAL DAMAGES OF ANY NATURE WHATSOEVER.
